TRANSACTIONS ON GEOSCIENCE AND REMOTE SENSING

November 12, 2026

Dr. Alessandro Sebastianelli
CMCC Foundation – Euro-Mediterranean Center on Climate Change
Italy

Dear Dr. Sebastianelli,

Topical Associate Editor for the IEEE Transactions on Geoscience and Remote Sensing Appointment

I am writing to you to renew your role as a Topical Associate Editor (TAE) for the IEEE Transactions on Geoscience and Remote Sensing (TGRS). The extension of this appointment demonstrates the recognized effort and contributions you made to TGRS in previous years. Congratulations!

The renewal of the contract is for a period of one year. As a TAE, your primary role is to join the TGRS editorial board to assist AEs in handling the reviews, especially the difficult cases. TAEs are expected to help address the articles that are difficult-to-find reviewers or articles with reviewers that failed to complete their reviews in a timely manner. For articles that are in the review system for more than 90 days, a TAE may be asked to provide special help as a reviewer to minimize further delay. The TAE's extensive review experience is very helpful to the TGRS peer review process. Your contribution as a TAE and a reviewer will be credited towards the nomination of future TGRS Associate Editors.

I hope you will receive more editorial experience by taking up this role. Thank you for volunteering your valuable time and a big commitment to contribute to the TGRS review process. I look forward to working with you. If you have any questions, please feel free to contact me at any time.

Sincerely,

Dr Xiuping Jia
The Editor-in-Chief, IEEE Transactions on Geoscience and Remote Sensing
